

Model Composition 3 – Recess Time

I look forward to recess every day. My friends and I are always happy when our teacher lets us go for recess early. We will have more time to eat and play.

Once we reach the canteen, we rush to our favourite stalls to buy food. I like to eat chicken rice. My best friend, Johan, likes to eat fishball noodles. We usually gobble down our food so that we can go to the field to play.

We play catch or football. Sometimes, we sit in the foyer to read a book. When the bell rings, we run to the canteen to line up. It is time to return to our classroom.
