Lesson (10 min)

Passive Voice Using the Simple Present Tense

1. Direct the students to **page 67 of Learning Grammar Workbook 4**. Read the examples to them. Highlight the differences between active voice and passive voice. Emphasize how the simple present tense is formed in the passive voice.

2. Show the students the list of sentences and get them to decide if the sentences are in the active or passive voice.
3. You may want them to underline the word(s) in the passive voice that are actually subjects in the active voice.
4. If time permits, allow the students to change sentences in the active voice to the passive voice, and vice versa.

Classroom Activities / Assessment (10 min)

1. Let the students complete **Exercise 42 and 43, pages 68 – 69** on their own.
2. Facilitate the students' learning by walking around to check their answers.

Additional Activities / Closure (15 min)

1. Play charade with the students. Get a student to pick a card from a bag. He has to act out the action stated on the card.
2. Get the other students to guess what the action is. Select a student to construct a sentence in the active voice and another student to construct a sentence in the passive voice.

Optional Activities

1. Ask the students to complete **Exercise 44, page 70** as homework.
2. They should either write their homework details in their student handbooks or fold the pages of their workbooks.
3. You may want to go through one question in **Exercise 44** in class before your students take the exercise home.
4. You may want your students to come up with humorous sentences in the passive voice. Give them 3 categories such as person/animal, verb, doer of the action and have them form sentences.
Example:
 - Jim was licked by a donkey.
5. Let them share their sentences with the rest of the class.
