Questions using 'What'

1. Explain to the students that we use 'What' when we want to know the name of something or about the work of a person.
Examples:
 - What is this?
 - What is he?
2. You may ask the students 'What am I?' and their reply should be 'You are a teacher.'

4. You may want to write the questions and answers on the board.

Classroom Activities / Assessment (10 min)

1. Refer the students to **page 29 of Learning Grammar Workbook 1**. Read the examples to them.
2. Complete **Exercise 18, pages 30 – 31** together with the students.
3. Facilitate the students' learning by walking around to check their answers.
4. Remind the students that they need to use the correct subject-verb agreement in their answers.

Additional Activities / Closure (15 min)

1. Direct your students back to **page 29**. Ask them to create one question and answer on the blank space next to the examples shown.
2. Prompt them by referring them to the questions and answers you have written on the board earlier. They may use the fruit that they have on their tables to form the questions and answers.

Optional Activities

1. Ask the students to complete **Exercise 19, pages 32 – 34** as homework.
2. They should either write their homework details in their student handbooks or fold the pages of their workbooks.

They are leaves.
